**The Burger Story:**

As we all know by now are burgers have taken on some semblance of legend. As we continue to embark on the burger journey at Dc's Pub we have created the latest new craze in our burger lineup. The **INFUSION BURGER!** This creation takes on a whole new meaning to burgers. We actually take the flavors of our burger toppings and infuse them into our burgers so they are more enjoyable to eat and not as messy. Be sure to check out our first infusion creation... **The Caribbean Infusion Burger.**
